LONG RUN MONTH!

You really have come a long way. Look back and think how you imagined that 50km would ever be possible as a training run! It is imperative that you do not race these long runs as a "test" for Comrades. Go slowly and see it as an opportunity to practice your race routine: look at it as a dress rehearsal.

Remember: training days are interchangeable, if your club has Time Trials (TT) on a Tuesday or Wednesday, you can swap days.

**Training Paces: Start at the slower end of the training paces, and moving towards the faster end as you progress. Please note that the time trial and training paces times are a guide.*
