FEELING GOOD?

You've done a marathon and qualified for Comrades - but you're now wondering how you're going to run double that distance? The trick will be to continue your steady development with patience. You can do another marathon or a shorter ultra (50km) in March as a TRAINING RUN. It is important not to "race" this race: if you do, you'll struggle to recover in time for Comrades.

Remember that training days are interchangeable: if your club has Time Trials (TT) on a Tuesday or Wednesday, you can swap days.

**Training Paces: Start at the slower end of the training paces, and moving towards the faster end as you progress. Please note that the time trial and training paces times are a guide.*
